## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-5, 7-11, and 14 are allowed.

The following is an examiner's statement of reasons for allowance: Independent claim 1 establishes a bandpass filter which passes only a double-numbered overtone component of the desired fundamental tone. This limitation is neither disclosed nor suggested in the prior art of record. Aarts discloses an acoustic effect apparatus comprising a bandpass filter for selecting part of the frequency spectrum of the audio signal. Aarts does not disclose passing only a double-numbered overtone component of a desired fundamental tone. This limitation is neither disclosed nor suggested in the cited prior art. Therefore, claim 1 is allowed along with its dependent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
